

Quality Assurance Information Fall 2019

In today's higher education environment, where the public is demanding more and more accountability from higher education institutions, the College of Business is pleased to be accredited by the Accreditation Council for Business Schools and Programs (ACBSP) <http://www.acbsp.org/?page=home>. Because of this accreditation, we must demonstrate compliance with the ACBSPs accreditation standards and criteria, which allows us to reveal our commitment to continuous improvement in providing a quality business education to our students.

The ACBSP standards are drawn to a large degree from the Malcolm Baldrige National Quality award <http://www.nist.gov/baldrige/enter/education.cfm>

In demonstrating compliance with these standards, our attention is drawn to key quality dimensions such as sound strategic planning focusing on key constituent and measurement of student learning and performance.

These standards include the following:

- Leadership
- Strategic Planning
- Student and Stakeholder Focus
- Measurement and Analysis of Student Learning and Performance
- Faculty and Staff Focus
- Educational and Business Process Management

https://cdn.ymaws.com/www.acbsp.org/resource/collection/EB5F486D-441E-4156-9991-00D6C3A44ED1/ACBSP_Uniformed_Standards_and_Criteria_for_Accreditation.pdf

The following pages highlight information that was submitted to the ACBSP as part of the biennial quality assurance process. It contains information on our performance as a college, including student achievement.

Standard 3 - Student and Stakeholder-Focused Results

<p>Student- and Stakeholder-Focused Results</p> <p>The College of Business (COB) will meet the needs and expectations of students and all stakeholders. The COB endeavors to enable the success of its students and serve the needs of the broader community.</p>	<p>Student- and stakeholder-focused results examine how well your organization satisfies students and stakeholders key needs and expectations.</p> <p><i>Performance measures may include: satisfaction and dissatisfaction of current and past students and key stakeholders, perceived value, loyalty, persistence, or other aspects of relationship building, end of course surveys, alumni surveys, Internship feedback, etc.</i></p> <p><i>Measurement instrument or processes may include end of course surveys, alumni surveys, Internship feedback, etc.</i></p> <p>Each academic unit must demonstrate linkages to business practitioners and organizations, which are current and significant, including an advisory board.</p> <p>Periodic surveys should be made of graduates, transfer institutions, and/or employers of graduates to obtain data on the success of business programs in preparing students to compete successfully for entry-level positions.</p>
--	---

		Analysis of Results			
Performance Measure	What is your measurement instrument or process?	Current Results	Analysis of Results	Action Taken or Improvement made	<p>Insert Graphs or Tables of Resulting Trends</p> <p>(3-5 data points preferred)</p>
Measurable goal	What is your goal?	What are your current results?	What did you learn from the results?	What did you improve or what is your next step?	

<p>The College of Business will boost students' academic preparation and content knowledge.</p>	<p>The COB assessed content knowledge and preparation of all majors using the national assessment survey offered by Peregrine.</p>	<p>The results of the before-and-after assessments show improvement in student content knowledge.</p>	<p>The results show that COB faculty are engaging students in and out of the classroom and presenting relevant curricular content.</p>	<p>COB faculty have opportunity to review assessment results and make changes to their curriculum. Departments also discuss results for broader adjustments to curriculum. NOTE: Course assessments will change due to external vendor changes.</p>
---	--	---	--	---

Finance majors at St. Ambrose University will show improvements in their overall satisfaction with their major.

St. Ambrose University Finance majors participated in exit interviews given by the Finance faculty. Summative Question #2 "Again, addressing the entire major, how satisfied are you with your experience?"

Over the two year period, Finance majors shown high satisfaction with the major.

Overall Satisfaction of Finance majors has remained fairly consistent over the years. There has been an upward trend in satisfaction in the last three years.

Finance faculty will continue to monitor results of exit interviews, discuss meaning and incorporate changes as needed.

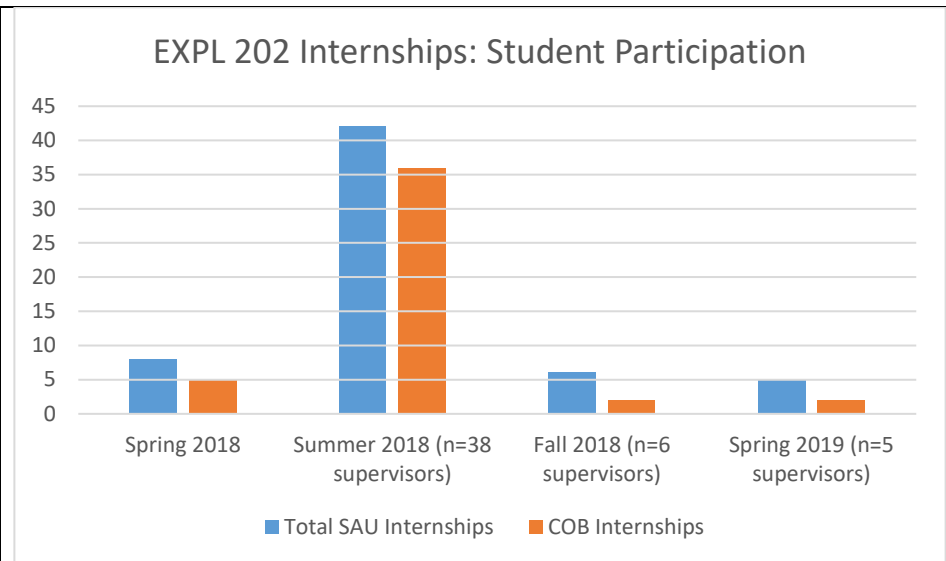

The finance major has undergone significant changes, starting in the fall of 2017. Exit interview data was incorporated into the change. The department will monitor student satisfaction with these changes in the upcoming years.

Overall Satisfaction of Corporate Institution Finance Majors

The COB graduates will seeking employment will be successful	Percent of business graduates employed.	The St. Ambrose University (SAU) Career Center surveys graduate multiple times at certain intervals to measure if Business graduates are employed. Of those that responded to the survey, reported at least 85% employment rate. Some majors achieved 100% employment rate.	The COB prepares its graduates well. The curriculum and the skills that graduates acquire are enabling graduates to find employment successfully.	The COB will continue to monitor the results of the survey of its graduates and make changes to curriculum as necessary.	% Rounded to the Nearest Degree	Accounting	Management	Marketing	Business Administration	International Business	Finance	BBA- Accounting	Business Sales	General Business	Economics

Standard 4 Student Learning Results (Required for each accredited program, doctorate, masters, and baccalaureate)

Common Learning Outcomes for all Undergraduate Business Majors:

- Understand Business Concepts related to accounting, economics, finance, management and marketing
- Effectively present information, both in writing and orally
- Use critical reasoning skills to analyze and interpret data to solve complex business problems
- Apply a value-based reasoning systems in decision making
- Work effectively in teams and in collaboration with others
- Understand the impact of cultural or global differences on business
- Demonstrate proficiency in using appropriate modern professional technology

Performance Indicator		Definition			
1. Student Learning Results (Required for each accredited program)		<p>A student learning outcome is one that measures a specific competency attainment. <i>Examples of a direct assessment (evidence) of student learning attainment that might be used include: capstone performance, third-party examination, faculty-designed examination, professional performance, licensure examination</i>). Add these to the description of the measurement instrument in column two:</p> <p>Direct - Assessing student performance by examining samples of student work</p> <p>Indirect - Assessing indicators other than student work such as getting feedback from the student or other persons who may provide relevant information.</p> <p>Formative – An assessment conducted during the student’s education.</p> <p>Summative – An assessment conducted at the end of the student’s education.</p> <p>Internal – An assessment instrument that was developed within the business unit.</p> <p>External – An assessment instrument that was developed outside the business unit.</p> <p>Comparative – Compare results between classes, between online and on ground classes, Between professors, between programs, between campuses, or compare to external results such as results from the U.S. Department of Education Research and Statistics, or results from a vendor providing comparable data.</p>
