Withdrawal from the University

Official withdrawal from the university during the semester is arranged with the appropriate college dean or the registrar with the student completing the Official Withdrawal form before leaving campus. Official withdrawal ensures that all records properly reflect such action.

Students officially withdrawing from the University will have "Officially Withdrew" appended to their permanent records in addition to the "W" grades in the courses from which they withdrew.

Students who leave unofficially will receive F grades in all classes listed on the official registration.

Additional information regarding financial aid impact and tuition refund policy can be found on the Financial Aid website.
