

Social workers are increasingly in demand to fill administrative positions and lead nonprofit agencies, but may not always have the business skills and experience required for optimal success in today's competitive economy. The MSW/MBA dual degree program at St. Ambrose blends the systemic thinking skills inherent in a social work perspective with the management and analytical skills needed to lead a complex nonprofit organization that delivers quality services.

MSW Goals and Objectives

Consistent with the purposes of social work and Catholic Social Teaching, the St. Ambrose University School of Social Work seeks to advance the well-being of people, to promote social and economic justice and to protect human rights. Emphasizing client system empowerment, the School prepares graduates to practice competently, ethically and with critical understanding of diversity, human behavior and social contexts.

Students acquire a comprehensive knowledge base, practice skills and ethical standards for professional practice. These competencies enable graduates to provide resources and opportunities for people to live with dignity and freedom in their transactions with each other and social institutions—locally, nationally and globally.

MBA Goals and Objectives

The mission of the H.L. McLaughlin MBA program is to provide broad and practical level business education and skills, with an emphasis on social responsibility. Faculty focus on student learning, preparing graduates to understand the complexities of business and solve diverse business problems.

Program Highlights

- > Full- and part-time opportunities
- > Small classes
- > Online learning options
- > Focus on a wide range of practical skills for maximum career flexibility
- > 84 total credit hours for the dual degree

Application Procedure Students must apply to and be accepted by both programs separately. Apply to MSW Program first. Typical curriculum would be: Year 1 – MSW; Year 2 – MBA; Year 3 – MSW.
